

May 20, 2021

MDS recognizes that the landscape of the Covid 19 pandemic is continuously changing and evolving. We are dedicated to educating ourselves by reviewing CDC recommendations, following state and local updates. However, we are committed to making decisions and implementing procedures that best protects the safety of both employees and clients.

Effective immediately, MDS employees are allowed to observe the following changes:

1. Employees and clients no longer need to socially distance at a minimum of 6 feet apart but can maintain a minimum social distance of 3 feet.
2. Employees and clients are no longer required to wear masks while in **outside settings only**.
3. Employees may begin to transport clients as long as both the employee and client are wearing masks and the windows are down in the car to allow proper air flow.

It is our intention to continue to monitor changes and guidance that evolves in the coming weeks and months. If you have any questions or concerns, please reach out to your staff member or the MDS main office at 317-858-8630.
